**Bet on professionalism and quality**  
- build with us!

# Who are we?

We **are** one of the largest local construction companies with over thirty years of experience operating throughout Poland and EU countries.

We **have** an extensive fleet of construction machinery and equipment, providing logistical and transport services for construction projects both in Poland and abroad.

We **have** completed many buildings for private and public investors.

We **maintain** the highest execution standards and guarantee punctuality and reliable service quality.

We **employ** over 300 qualified workers and experienced engineering-technical staff who have the required building qualifications.

We **are** a trustworthy and appreciated partner. Our competence and professionalism are reflected in numerous awards and distinctions.

# What do we do?

 **We carry out** comprehensive, multi-discipline construction and assembly works of residential, public utility, industrial and specialised buildings in Poland and other EU countries.

 **We use** state-of-the-art technologies and high-quality materials which have the necessary certificates, approvals and certificates of conformity for use in the construction industry.

 **We are developing** our developer department, focusing on combining good quality architecture with a high standard of workmanship, comfort of use and technological innovation of the completed buildings.

 **We support** the local economic and business environment by cooperating with local designers, suppliers of construction materials and numerous reliable subcontractors.

Housing estate of single-family terraced houses, Brzozowa Avenue (Częstochowa)

Warehouse hall, office and production building, pumping station, x-kom (Częstochowa)

## That is to say, exactly...

- Groundworks
